

Cable tray with fixing strip

Overview

These are full-width, 19-inch, 1U rack-mounting panels with a 'letter box' style slot for cables. The slots are masked with 'brush' strips which allow cables to pass through while presenting a tidy appearance and avoiding the cables dropping back into the rack. An innovative range of self-adhesive trunking, with all sizes featuring an integral hinged lid with snap latch along its length. The hinge is formed from a flexible polymer that. These slot-punched, plastic, cable trays provide a very economical and completely non-corrodible system for cable. The cable tray system offers maximum flexibility and cost-effectiveness. Sizes and designs can be individually selected and special dimensions are available on request. Our cable trays are produced in fit for purpose materials like stainless steel, galvanized, aluminium and fibreglass (FRP/GRP) composites to suit any project type both offshore and onshore.
