Fast Fiber Optic Connectors

Overview

High Speed Fast Connector-OEM Fiber Solutions CFOFC makes fast fiber optic connectors that are easy to install and very reliable. They are great for teleco.

Key Takeaways

Fiber optic fast connectors are available for direct purchase from multiple manufacturers and suppliers, offering quick-install, field-ready solutions for single-mode and multimode fibers. Leading Suppliers and Direct Sales OptionsAPT Optics offers wholesale fast connectors with a clamshell lock and matching liquid for stable, tool-free installation. Their connectors support 0.

25mm and 0. 9mm coated fibers, come with a 1-year warranty, and samples are available within 2 days of consultation.

AF

L FASTConnect® provides factory pre-polished mechanical connectors that eliminate hand polishing. Compatible with 250 µm and 900 µm fibers, as well as 2 mm and 3 mm cordage, these connectors support LC, ST, and SC types and are ideal for enterprise, FTTx, and LAN applications.

CFOF

C manufactures plug-and-play fast connectors for over 20 years, including LC, SC, MPO/MTP, and field-install types. They offer OEM/ODM customization, support single-mode OS2 and multimode OM3/OM4 fibers, and ship standard connectors in about 7 days, with custom orders taking 15–30 days. Their connectors are tested for insertion loss, return loss, and signal continuity.

Fiber4u provides fast connectors with worldwide delivery, emphasizing rapid field installation and durability in challenging environments. They offer stock delivery and special project pricing, making them suitable for telecom, data transmission, and wide area networks. Fiber Instrument Sales (FIS) maintains a large inventory of fiber optic products, including fast connectors, with most items shipping the same or next day, supporting immediate project needs.

Key Features to Consider

Installation Speed: Most fast connectors allow termination in under a minute without adhesives or curing tools. Compatibility: Ensure connectors match your fiber type (single-mode or multimode) and cable diameter (250 µm, 900 µm, 2 mm, 3 mm). Customization: Many suppliers offer OEM/ODM services for connector type, housing, fiber type, and packaging.

Quality Assurance: Look for pre-polished ferrules, low insertion loss, high return loss, and mechanical stability. Support and Warranty: Direct sales often include technical support, repair, and replacement services. For direct purchase, you can contact these suppliers via their websites to request quotes, samples, or bulk orders, ensuring fast delivery and tailored solutions for your fiber optic projects.
