Overview

Butterfly 4 Cores Outdoor FTTH Fiber Optic Drop Cable SM LC UPC This item includes applicable import fees—you won't pay anything extra after checkout. Whol.

Key Takeaways

Outdoor butterfly fiber optic cables typically cost between $0. 04 per unit for bulk orders and $0. 60–$3.

50 per foot including installation, depending on specifications and purchase method.

Online Retail and Bulk Pricing

Alibaba lists outdoor butterfly fiber optic cables starting at $0. 04 per unit with a minimum order of 2 pieces, suitable for wholesalers or distributors seeking bulk purchases.eBay offers 100-meter outdoor butterfly cables with prices varying based on core count, connector type, and condition (new or open box), often including shipping and optional financing.

Per-

Foot and Installation CostsFor planning purposes, fiber optic cable costs per foot range from $0. 60 to $3. 50, which typically includes the cable itself, conduit, labor, and testing.

Outdoor installation costs can increase depending on terrain, distance, and whether the cable is direct-buried, aerial, or placed in a pipeline.

Factors Affecting Price

Cable type and core count: Single-mode butterfly cables are generally more expensive than multimode, and higher core counts increase cost. Material and durability: Outdoor cables with waterproofing, UV resistance, and reinforced sheaths cost more but offer longer service life. Installation complexity: Trenching, conduit, and splicing requirements can significantly affect total project cost.

Summary

For a small-scale purchase, you can expect to pay a few dollars per meter for standard outdoor butterfly fiber optic cables. For larger projects including installation, budgeting $0. 60–$3.

50 per foot is reasonable, with costs influenced by cable quality, core count, and environmental conditions. Bulk orders from suppliers like Alibaba can reduce the per-unit cost significantly.
