Indoor 36-core fiber optic distribution box

Overview

This 36 Cores Fiber Optic Distribution Metal Box with internal structural parts, optical fiber connector, optical splitter (optional) and accessories, can be installed in wall, pole and other positions. It's convenient to do the connection and distribution of optical cable. Features: 1)ABS material used ensures the body strong and light. 2)Water-proof design for outdoor uses. Easy to install and. Premium-Line FTTH distribution box is aim designed for multi-purpose applications in FTTH projects, the dual layer design supports direct termination, and also FTTH distributions via mini splitter built in, available for from 1:2 to 2:32 distributions with Premium-Line FTTH distribution cable. The. The FieldSmart Fiber Delivery Point (FDP) Indoor Wall Box has been optimized for MDU applications. Configurable with up to 144 distributed ports and 24 feeder ports, users can easily scale their networks using the same consistent Clearview ® Cassette deployment strategy. With the ability to house. The product can meet the requirements of optical cable oval uncut installation, and meet the requirements of large number of core optical cable fusion and entering the home.
