

# Miniature Distribution Box Specifications and Dimensions Table

## Overview

This document provides specifications for various distribution boxes including dimensions, mounting sizes, and number of ways. Dimensions included are length, width. Wiring diagram shows both PNP and NPN wiring. Actual units use PNP status indicator, NPN status indicator, or neither. ABB Mini Center Compact distribution board is the basis for development and growth in meeting all the demands for a successful future in residential. It describes HA, HK, and LGD series boxes with dimensions ranging from 100-415mm in length, 105-323mm in width, and 75-140mm in height. No matter how harsh the environment is, there is always a proper enclosure for your needs. Thanks to protection ratings and high quality ble (from 65 x 65 mm up to 361 x 254 mm) plus 3 different cover heights are available. The compact, surface-mounted xComfort Mini and Micro distribution enclosures are designed for residential and commercial applications and offer IP20 and IP30 degree of protection. In addition to seven different enclosure sizes (from 2 MU to 6 MU), the series is designed according to IEC/EN 62208.
