Pakistan Joins the 24-Core Butterfly-Shaped Drop-in Optical Cable

Overview

Pakistan has reached a pivotal moment in its digital transformation by connecting to the world's largest optical fiber cable. This milestone is set to revolutionize the country's internet connectivity, offering faster and more reliable services. This development is expected to dramatically. On the sidelines of the World Artificial Intelligence Conference in Shanghai, Federal Minister for IT and Telecommunication, Shaza Fatima Khawaja, held a strategic meeting with senior delegates from PeaceCable International Network, China. The 2Africa cable, stretching 45,000 kilometres, connects 46 locations across Africa. Pakistan Government said that it will deploy cross border Optical Fibre Cable (OFC) system at a cost of Pakistani Rupees (PKR) 3.

Pakistan Connects to World''s Largest Optical Fiber

Pakistan has reached a pivotal moment in its digital transformation by connecting to the world''s largest optical fiber cable. This milestone is set to

Pakistan Connects to Fastest Global Subsea Cable – Ultra-Fast

Pakistan Connects to Fastest Global Subsea Cable, launching an ultra-fast internet era with higher speeds, lower latency, and major digital transformation in 2025.

New undersea cable to boost Pakistan''s internet capacity by 24 ...

© 2026 ROGER FIBRE ATELIER - All rights reserved

A new undersea internet cable, capable of delivering 24 terabytes of bandwidth, is under installation and expected to significantly enhance internet speed and reliability across Pakistan.

China Backed Cable Project Eyes Multi-Billion Dollar

Discussions centered on enhancing digital connectivity between Pakistan and the region through submarine and terrestrial optical fibre cable

USF Unveils plans to lay 2000Km of fiber optic across Pakistan

The Universal Service Fund (USF) has announced plans to deploy 2000 kilometers of optical fiber cable (OFC) in fiscal year 2024-25, targeting rural connectivity and 5G readiness, as

Hopes run high with new undersea cable set to ''increase'' Pakistan''s ...

Supported by a global consortium that includes Meta and Vodafone, the cable is expected to go live in Pakistan by Q4 2025, PTA announced in a press release.

Fiber optic cable deployed to connect Pakistan with China

Pakistan Government said that it will deploy cross border Optical Fibre Cable (OFC) system at a cost of Pakistani Rupees (PKR) 3.7 billion between Pakistan and China for security of information.

Over 4,000km optical fiber projects completed in three provinces

ISLAMABAD, Jan 15 (APP): The Universal Service Fund (USF) under the Ministry of Information Technology and Telecommunication has completed several major Optical Fiber Cable (OFC)

Pakistan completes major optical fiber projects to enhance broadband ...

The Universal Service Fund (USF) under the Ministry of Information Technology and Telecommunication has completed several major Optical Fiber Cable (OFC) projects in 2025 as part of its ongoing efforts

Pakistan activates high-speed SEA-ME-WE 6 cable, unlocking 4 Tbps ...

The new 19,200-kilometre high-capacity fibre-optic cable now links Pakistan to major global digital hubs between Singapore and France, significantly enhancing speed, bandwidth and digital resilience.

BlackCopper BC-24-Core-FiberCable Price in Pakistan

Features: BlackCopper BC-24-Core-FiberCable Description Description GYXTW is an outdoor-use optical fiber cable suitable for duct and aerial applications. Fiber optic cable GYXTW, 24 fibers, jelly
