

Slovenia Importer of Fiber Optic Cables for Smart Buildings

Overview

Slovenia Fiber Optics Cable Market (2026-2032) | Companies, 6Wresearch actively monitors the Slovenia Fiber Optics Cable Market and publishes its comprehensive report.

Key Takeaways

Leading fiber optic cable importers in Slovenia include EGAL D O O, ZIKAS DOO KASAZE, and ZIKAS DOO, with specialized suppliers like Optisis and Fibernet offering smart building solutions.

Top Importers

According to recent import data, EGAL D O O is the largest fiber optic cable importer in Slovenia, accounting for 31% of total shipments, followed by ZIKAS DOO KASAZE (25%) and ZIKAS DOO (17%) from September 2023 to August 2024, collectively dominating the market for imported fiber optic cables in Slovenia (Volza). These companies are key players for sourcing high-quality fiber optic cables suitable for commercial and smart building projects.

Specialized Suppliers and System Integrators

Several Slovenian companies provide fiber optic solutions tailored for smart buildings and telecommunications infrastructure: Optisis: Offers a wide range of indoor and outdoor fiber optic cables, including mini and micro cables for FTTx networks. Their products are flame-retardant, halogen-free, rodent-protected, and suitable for both indoor and outdoor installations, making them ideal for smart building applications. Fibernet: Focuses on B2B services across Slovenia, providing fiber optic solutions for businesses and smart building projects.

FM

C d.o.o. and FMC Telco Group: System integrators specializing in FTTH networks and GPON technology, offering fiber optic cables and related equipment for ultra-broadband access in residential and commercial buildings. Stelkom: Operates over 3,000 km of optical fiber network in Slovenia, supporting high-capacity data services and advanced technologies like DWDM and IP/MPLS, suitable for large-scale smart building deployments.

Product Offerings

Slovenian suppliers provide a variety of fiber optic cables for smart building applications: Indoor cables: Small diameter, lightweight, flame-retardant, halogen-free, and easy to install. Outdoor cables: Available in low to very high fiber counts, including CTC ADSS, LTC ADSS, DAC, and armored options for direct burial or aerial installation. Mini and micro cables: Designed for access networks and micro duct systems, offering optimal blowing performance and flexibility.

How to Connect

For businesses seeking to import or source fiber optic cables in Slovenia, leveraging databases like Volza can provide direct contact information for key decision-makers at the top importers and buyers, facilitating efficient B2B engagement. These companies and suppliers collectively offer a comprehensive range of fiber optic solutions suitable for smart building infrastructure, from high-speed broadband access to robust indoor and outdoor cabling systems.
